IBT
Contract migration - This simple model demonstrates the process of moving a contract from the current supplier to the one that has recently been awarded the contract to conduct future obligations. Contract implementation stages - This model shows the four stages associated with implementation and what should happen at each stage. This diagram can be used to help plan the implementation process ...

Guide to Contract Management | CIPS
A goods contract can be referred to as a contract that mainly deals with the number of goods and services that are being transferred or sold by one party to another. Details of all the parties involved, the details of the goods that are being sold/transferred, etc. should be mentioned so that all the parties have a clear idea of what is being done in the contract.
