Ave Maria (English Hail Mary) is the salutation given by the Archangel Gabriel to the Virgin Mary at the Annunciation (Luke 1:28): Ave Maria, gratia plena, Dominus tecum ("Hail Mary, full of grace, the Lord is with thee"). To these words many additions have been made, both as prayers addressed to the Blessed Virgin (such as that prayed in The Rosary) and as musical texts.

Choral Repertoire is a comprehensive reference book about choral music in Western culture from Gregorian chant to compositions of the early twenty-first century. The material in the book covers general characteristics of the major historical eras, biographical sketches and discussions of the complete choral output of more than 500 composers, and performance annotations of more than 5,000 individual works.

In this second edition of *Orchestral "Pops" Music: A Handbook*, Lucy Manning brings forward to the present her remarkable compendium of information about this form of orchestral music. Since the appearance of the first edition in 2008, this

work has proven critical to successful “pops” concert programming. With changes in publishers and agents, the discontinuation of the publication of certain original material or, worst of all, presses going out of business, music directors, orchestra conductors, and professional instrumentalists face formidable challenges in tracking down accurate information about this vast repertoire. This revised handbook alleviates the time-consuming task of researching these changes by offering a list of works for orchestral “pops” concerts that is comprehensive, informative, and current. Manning’s emphasis on clarity and accuracy gives users an indispensable tool for gathering vital information on the style, instrumentation, and availability of the repertoire listed, as well as notes on its performance. The user-friendly appendices include expanded instrumentation choices, easy-to-find durations, and handy title cross-references. In addition to corrections and updates, this new edition of *Orchestral “Pops” Music* includes at least 1,000 new title listings. *Orchestral “Pops” Music: A Handbook* is the ideal tool for working conductors and orchestral librarians, as well as music program directors at colleges, conservatories, and orchestras.
