Beautifully designed with several pieces to a page, Bloom offers a unique twist on age-old topics: love, grief, and learning from them.

In Spilled Words, the newest addition to Cici. B's growing list of raw and profound written works, she delivers a filterless snapshot of her love, pain, growth and resolve. Her trademark wittiness seamlessly blends with a familiar approach yet entirely new format to her writing. It is a story unlike any other in that it is made up entirely of quotes, but still somehow paints a beautiful and complete picture. If actions speak louder than words, her latest piece shows that she not only lives and breathes her words, she bleeds them, and spills them unapologetically onto the page.

We have only one heart yet the heart holds all four seasons inside. Winter can be a time of solitude. Spring a time of carefree fancy. Summer a time of fun and youthfulness and Autumn our souls take flight. Our hearts can survive the harshest of winters only to breathe in the sweetest scents of spring. There is a stillness inside all of us. Whether we choose to stop and listen to it, not everyone knows how. Poetry is used to express this stillness inside of us and fill the spaces between us with the words we are unable to say. Poetry can take us to a vulnerable place inside, allowing us to experience our innermost turbulence in the gentlest of ways. Our hearts speak to us every day, listen carefully to what it has to say. Come with me on this journey of the heart. The seasons of my heart and yours. "Pay attention to what speaks to your heart." n.r. hart

From @wilderpoetry comes a heavily expanded revised edition of Nocturnal, a collection of poetry and beautifully illustrated black-and-white imagery inspired by darkened days and sleepless nights. Poetry meets presentation in each of the four sections ("Dusk," "Northern Lights," "Howl," "Lucid Dreams,"), which trace the author's continuing journey of self-discovery while illuminating a path for others along the way. Ink stains, landscapes, dreamlike animals, blackened pages, and textured spreads create a multifaceted reading experience. And true to the moniker, these poems are linked by a motif of "the wild." Celebrating the art of self-love poetry with both word and image, Nocturnal will leave readers comforted, curious, and inspired to explore the world around them.

Crafting together the power of words and womanhood, writer Tanya Markul has written a completely unique poetry collection fit for the phenomenal readers of today. In Tanya's words, "May we raise the bar for how we live our lives. May we ridiculously increase the amount of peace, play, creativity, beauty, love, and joy in everything we do. May we all sip from the wisdom of our suffering. And awaken with the courage to share our stories that can heal our inner and outer worlds."

Ten years ago, I started writing this for you. I wrote it for you and only you. Since then, millions of other people have read it, but none have understood it the way you understand it. I set out to find you a long time ago and today, I'm so glad I finally have. Thank you for reading these words.
