Custom Library

Online Library Catalyst The

Description. Pearson Custom Library gives you the power to create tailor-made materials for your course that save time and control student costs. The process of developing course materials can be extremely time-consuming. Many instructors spend countless hours and resources searching for

Online Library Catalyst The

the right materials for their course, only to end up settling for something that doesn't quite fit, or requiring students to purchase multiple, expensive textbooks, using only a few chapters from each.
