Download File PDF Data Mining X Data Mining

Data mining is the process of analyzing large amounts of data -- in other words, big data -- to discover relationships and patterns and predict future trends. Data mining software creates association rules by

Download File PDF Data Mining X Data Mining

searching for frequent if-then patterns in the data. An if-then pattern illustrates a variable and a consequence.

Process mining vs. data mining: What's the

Download File PDF Data Mining X Data Mining

difference?

Data mining refers to the process of analyzing large data set to identify the meaningful pattern whereas text mining is analyzing the text data which is in unstructured format and

Download File PDF Data Mining X Data Mining

mapping it into a structured format to derive meaningful insights. Data mining majorly depends upon the Statistical techniques and algorithm whereas text mining is dependent upon statistical techniques and
