Los ejercicios son una parte integrante y esencial en el estudio de una lengua, tanto para quien no tiene el tiempo o la posibilidad de seguir un curso con un profesor como para quien asiste o ha asistido a un curso y quiere verificar sus propios conocimientos. El lector encontrará en este libro numerosos ejercicios con una línea de dificultad creciente; además, cada unidad está precedida de una síntesis con las reglas gramaticales y sintácticas que se tratan en los ejercicios. Los resultados de los ejercicios, además de permitir verificar la exactitud de las respuestas, constituyen también ejemplos que se pueden aplicar a determinadas reglas que, de otra manera, no serían más que abstracciones destinadas a ser olvidadas. Una obra útil, tanto para quien ya tiene una base como para quien no se ha planteado hasta ahora aprender una lengua que actualmente es indispensable para el trabajo, la diversión, el turismo, la navegación por Internet... Un libro para llevar siempre encima, para estudiar, repasar y aprender inglés sin esfuerzo y con el máximo rendimiento.

An acclaimed multi-volume treatise presents precise and creative exercises for serious painists and teaches technique, pedaling, fingering, and other methods.

Franz Eduard von Liszt es una figura ineludible en el desarrollo del derecho penal alemán de los siglos XIX y XX. Considerado durante décadas como el representante cabal de un derecho penal liberal moderno, su venerada figura comenzó, sin embargo, a ser cuestionada más recientemente, tanto en la doctrina alemana como internacional. El debate en torno a la figura de Liszt se centró exclusivamente en la materia jurídica, en el análisis de sus publicaciones y en la proyección de sus ideas a través de los discípulos, a lo largo de aproximadamente 80 años durante el siglo XX. En este libro, el autor elige un camino distinto, aún inexplorado, cual es el de analizar la prolífica tarea político-parlamentaria de von Liszt, en tres parlamentos de Prusia y del Reich alemán entre 1908 y 1918. Además, se interpreta esa actuación en su contexto histórico, social y político, ya que el desempeño de Liszt coincidió casi exactamente con la última etapa de la monarquía alemana (1888-1918), con la cual sin duda se sentía identificado, o cuanto menos, parte de su proyecto. La derrota alemana en la primera guerra mundial, el complejo nacimiento de la república de Weimar y el posterior acceso al poder del nacionalsocialismo, así como la creación de dos Alemanias en la posguerra son hechos que, no obstante haber acontecido tras el fallecimiento de Liszt en 1919, fueron impregnados también por sus ideas político-criminales, tan arduamente discutidas a lo largo de más de un siglo. El autor pretende con este trabajo, en suma, brindar un aporte novedoso al debate en torno a una figura de proyección internacional, objeto de interminables controversias.
