With his Big Nudes, in the 1980s Helmut Newton created a quite unprecedented long-term bestseller. Simultaneously, it provided a concentrated image of his aesthetic agenda. Powerful women were presented in all their naked truth without fig leaves or fashion frills. This series of black-and-white photos, produced between 1979 and 1981, also marked a stylistic change in Newton's work. Elaborate layouts full of luxury and decadence gave way to an unambiguously formulated and monumental statement “Here they come!” Dressed only in their indispensable high heels, Newton's amazons selfconfidently paraded on show. They rippled their muscles and marched individually as well as in formation toward the observer. Helmut Newton's classic work was published by us in 1990 for the first time.

This book gets its name from 60 unusually dark and cryptic photographs. When Newton opened his “Archives of the Night” in the 90s, gloomy images emerged like flocks of bats. His famous “Domestic Nudes” appeared in pairs and tableaux together with sinister landscapes. Palace architecture was displayed next to morbid vanitas paintings as were bodies cut open from an anatomical museum of wax figures, placed on show alongside a portrait of a Dracula star putting on his make-up. With the Archives, Newton, who decided on the placement of these works himself, showed us his dark side. But at the same time, he was amusing himself with grey areas - also typical for Newton. The juxtaposition of seemingly disparate motifs created new and enigmatic relationships that oscillate between satire and poetry, brutality and gentleness, irony and pathos.

Instant Newton: A collection of Helmut Newton's test Polaroids Polaroids occupy a special place in the hearts of many photo enthusiasts who remember a time when “instant photography” meant one-of-a-kind prints that developed within minutes of clicking the shutter. What was once a crucial tool for photographers to test their shots before shooting on film has now become obsolete in the face of digital photography. Luckily for us, legendary photographer Helmut Newton saved his test Polaroids, allowing a privileged and rare chance to see the tests from a selection of his greatest shoots over a period of decades, including many from the TASCHEN titles SUMO, A Gun for Hire, and Work. Selected by his widow, June Newton, from over 300 photos featured at the 2011 exhibition “Helmut Newton Polaroids” at the Museum fr Fotografie in Berlin, this collection captures the magic of Helmut Newton photo shoots as only Polaroids can. Text in English, French, and German

Helmut Newton is not a conventional fashion photographer. While many of his photos have appeared in fashion magazines, the fact remains that they are not your typical fashion photography. Even when the women are wearing fashionable clothes, the photos are more than mere fashion shots: they possess a timeless quality that at first appears inexplicable. The women in Newton's photos are mostly placed in settings that transcend the present & its impermanence. Newton's women also wear clothes, undergarments, & shoes that cannot be assigned to any particular trend in fashion. In fact, the artist has little interest in fashion at all. His chief interest is the female body-more than just its curves & angles, but its language, its drama, its sexual energy, its profundity. The Best of Helmut Newton is a collection of his finest work. Over 100 photos spanning Newton's career, demonstrate his gift for creative poses, daringly arranged scenery, & unique perspectives. In this collection are intimate photographs of celebrities such as Jodie Foster, Debra Winger, Elizabeth Taylor, Isabella Rossellini, Daryl Hannah, & many more. The Best of Helmut Newton also includes an overview of Newton's career & exhibits, & two essays on his work.

The collection 'Sex & Landscapes' brings together a rich selection from Helmut Newton's little-known landscape and travel photographs, as well as unseen 'tougher' sex pictures, described by Philippe Garner of de Pury & Luxembourg as Helmut's world of dark, brooding seas, baroque statuary, crashing waves, a long desert highway under threatening skies, a Berlin park at dusk, enigmatic apartment buildings at night, the Rhine seen from the air, the shadows of airplanes, all this interwoven with hard and voyeuristic sexual imagery, plus a touch of his high style and glamour. The book's publication coincides with the exhibition of 'Sex and Landscapes', which will open on June 3 at the inauguration of the Helmut Newton Foundation in Berlin.
