The transition from President Donald J. Trump to President Joseph R. Biden Jr. stands as one of the most dangerous periods in American history. But as # 1 internationally bestselling author Bob Woodward and acclaimed reporter Robert Costa reveal for the first time, it was far more than just a domestic political crisis. Woodward and Costa interviewed more than 200 people at the center of the turmoil, resulting in more than 6,000 pages of transcripts—and a spellbinding and definitive portrait of a nation on the brink. This classic study of Washington takes readers deep inside the Trump White House, the Biden White House, the 2020 campaign, and the Pentagon and Congress, with vivid, eyewitness accounts of what really happened. Peril is supplemented throughout with never-before-seen material from secret orders, transcripts of confidential calls, diaries, emails, meeting notes and other personal and government records, making for an

unparalleled history. It is also the first inside look at Biden's presidency as he faces the challenges of a lifetime: the continuing deadly pandemic and millions of Americans facing soul-crushing economic pain, all the while navigating a bitter and disabling partisan divide, a world rife with threats, and the hovering, dark shadow of the former president. "We have much to do in this winter of peril," Biden declared at his inauguration, an event marked by a nerve-racking security alert and the threat of domestic terrorism. Peril is the extraordinary story of the end of one presidency and the beginning of another, and represents the culmination of Bob Woodward's news-making trilogy on the Trump presidency, along with Fear and Rage. And it is the beginning of a collaboration with fellow Washington Post reporter Robert Costa that will remind readers of Woodward's coverage, with Carl Bernstein, of President Richard M. Nixon's final days.

In presenting, for the first time, to English readers the greatest work of Germany's greatest mediæval poet, a few words of introduction, alike for poem and writer, may not be out of place. The lapse of nearly seven hundred years, and the changes which the centuries have worked, alike in language and in thought, would have naturally operated to render any work unfamiliar, still more so when that work was composed in a foreign tongue; but, indeed, it is only within the present century that the original text of the Parzival has been collated from the MSS. and made accessible, even in its own land, to the general reader. But the interest which is now felt by many in the Arthurian romances, quickened into life doubtless by the genius of the late Poet Laureate, and the fact that the greatest composer of our time, Richard Wagner, has selected this poem as the groundwork of that wonderful drama, which a growing consensus of opinion has hailed as

the grandest artistic achievement of this century, seem to indicate that the time has come when the work of Wolfram von Eschenbach may hope to receive, from a wider public than that of his own day, the recognition which it so well deserves. Of the poet himself we know but little, save from the personal allusions scattered throughout his works; the dates of his birth and death are alike unrecorded, but the frequent notices of contemporary events to be found in his poems enable us to fix with tolerable certainty the period of his literary activity, and to judge approximately the outline of his life. Wolfram's greatest work, the Parzival, was apparently written within the early years of the thirteenth century; he makes constant allusions to events happening, and to works produced, within the first decade of that period; and as his latest work, the Willehalm, left unfinished, mentions as recent the death of the Landgrave Herman of Thuringia, which occurred in 1216, the probability seems to be that the Parzival was written within the first fifteen years of the thirteenth century. Inasmuch, too, as this work bears no traces of immaturity in thought or style, it is probable that the date of the poet's birth cannot be placed much later than 1170.

The Mancer Epic is the first of a nine-book epic series, entitled Soulstream. It is about ordinary teenagers who discover that they were worshiped and revered as gods in an

earlier lifetime. Unlocking the mysteries of the universe, they race against time to save others like them from being hunted and killed by a secret society, OZONE, that wants them only to exist in mythology. Using uncanny powers from the Soulstream, which humans call Heaven, these characters, known as Mancers, prepare for an inevitable war that could end the world as we know it.

Two months after the attack on Pearl Harbor, American naval officer Preston Brown and his wife Elaine are caught in the path of the onrushing Japanese advance through the Pacific. With Preston taking to sea in the U.S.S. Houston, and Elaine remaining stranded in Australia, the young newlyweds must face the enemy without each other, their families, or the rest of the United States armed forces. All they have are their faith in God, their love for each other, and their memories of what the war has taken from them.

Meanwhile, naval aviator Floyd Craven, a man from Elaine's past whom she would like to forget, fights his own frustration in the dismal early days of the war waiting for the United States to avenge Pearl Harbor. His transformation from black sheep to war hero is threatened by his own recklessness and his insatiable itch for combat. Uncontrollable events place all three individuals on divergent paths that will lead them into monumental tests of their faith-or lack thereof-in their attempts to survive the

greatest cataclysm in world history. This novel is the first in a series detailing the War in the Pacific.

GOLIATH'S HEAD tells of a search for courage and hope amidst crushing oppression. Avi Schneider is a Jewish boy growing up in Russia on the eve of early-twentieth-century revolution. He is nine years old when he meets his own personal devil, Viktor Askinov, a brutal youngster who relishes tormenting Jews. In the following years, Avi is the object of his tormentor's obsession. Fourteen years later in 1905 the Tsar instigates riots - pogroms - against the poor, teeming Jewish villages. Now a husband and father, Avi takes to the barricades to defend his village from the mob coming to kill the men, rape the women, and burn down his village. Armed, he again faces Viktor Askinov, who is leading the mob. But he has been warned that if he kills Viktor Askinov, he puts his beautiful young wife Sara and newborn son Itzhak in deadly peril. Avi must decide this night what he stands for. Is it survival at any cost, for himself and those he loves? Or is it righteous vengeance for his people?

marriage she'll be killed—Sara decides to do the only thing she can: she makes herself disappear. She will change her identity, and maybe even get the happy ending she's always dreamed of. But that dream is about to become a nightmare when her father-in-law decides to make her pay for abandoning his son. Leo Labriola runs his modest but lucrative criminal organization like he does his family—with unspeakable brutality and zero tolerance for disobedience. He's determined to teach Sara a lesson and he'll stop at nothing to do it. Now six differently desperate and dangerous men—each with the power to destroy her—are on Sara's trail. But none of them suspect that the woman they are seeking has a dangerous secret of her own. For Sara is leading all of them down a path of private demons, past sins, and the deadliest peril.
