Eric Darius live: "I Wish" by Stevie Wonder - Cannonball ...

This song tells about Stevie Wonder's younger days in 1950-1960s. He recalls those days with fondness even though he lived in poverty and had difficulties. The song was written after a Motown company picnic in 1976 where Stevie Wonder took part in contests and games. He felt that he rekindled his childhood that afternoon.

Like all double albums, *Songs in the Key of Life* is imperfect but audacious. If its titular concern - life - doesn't exactly allow for rigid focus, it's still a fiercely inspired collection of songs and one of the definitive soul records of the 1970s. Stevie Wonder was unable to control the springs of his creativity during that decade. Upon turning 21 in 1971, he freed himself from the Motown contract he'd been saddled with as a child performer, renegotiated the terms, and unleashed hundreds of songs to tape. Over the next five years, Wonder would amass countless recordings and release his five greatest albums - as prolific a golden period as there has ever been in contemporary music. But *Songs in the Key of Life* is different from the four albums that preceded it; it's an overstuffed, overjoyed, maddeningly ambitious encapsulation of all the progress Stevie Wonder had made in that short space of time. Zeth Lundy's book, in keeping with the album's themes, is structured as a life cycle. It's divided into the following sections: Birth; Innocence/Adolescence; Experience/Adulthood; Death; Rebirth. Within this framework, Zeth Lundy covers Stevie Wonder's excessive work habits and recording methodology, his reliance on synthesizers, the album's place in the gospel-inspired progression of 1970s R'n'B, and many other subjects.

A musician looks at Wonder's life and career and explores the artist's writing and performing techniques with special emphasis on his early 1970s recordings.

Motown means different things to different people. The mere mention of perhaps the most iconic record label in history is often enough to invoke memories and mental images of Marvin Gaye, Diana Ross, Stevie Wonder, The Temptations, The Jackson 5, The Supremes and numerous others. With each group recalled, there is an accompanying piece of music of the mind, from Baby Love, My Girl, Signed Sealed Delivered, I Heard It Through The Grapevine, ABC and Tears Of A Clown and countless more. Quite often, you can ask people what kind of music they like and they will simply answer “Motown”, and both they, and you, know exactly what is meant. Or rather, what is implied. The Motown they are invariably thinking of is the label that dominated the charts in the mid 1960s with a succession of radio friendly, dance orientated hits, most of which were written and produced by the trio of Brian Holland, Lamont Dozier and Eddie Holland. This period is referred to, naturally enough, as the Golden Era, when Motown was not only the dominant force in its home city of Detroit but carried The Sound of Young America all around the world. The kind of music that had them Dancing In the Street from Los Angeles to London, Miami to Munich and San Francisco to Sydney. It was the kind of music that attracted scores of imitators; some good, some not so good. The kind of music that appealed to the public and presidents alike, and still does. It was that Motown that this book was intended to be about. However, when you start digging deeper into the Motown story, you realise that throughout its life (which, for the purposes of this book, is its formation in 1959 through to its sale in 1988) it was constantly trying other musical genres, looking to grab hits out of jazz, country, pop, rock, middle of the road and whatever else might be happening at the time. Of course it wasn't particularly successful at some of the other genres, although those who claim Motown never did much in the rock market conveniently overlook the healthy sales figures achieved by Rare Earth, the group, and focus instead on the total sales achieved on Rare Earth, the label. This book, therefore, contains biographies of all 684 artists who had releases on Motown and their various imprints, as well as biographies of 16 musicians, 23 producers, 19 writers and 13 executives. There are also details of the 50 or so labels that Motown owned, licensed to or licensed from. All nine films and the 17 soundtracks are also featured. Every Motown single and album and EP that made the Top Ten of the pop charts in either the US or UK also have their own entries, with 222 singles, 84 albums and five EPs being featured. Finally, there are 36 other entries, covering such topics as the Hollywood Walk of Fame, the Motortown Revues, Grammy Awards and the most played Motown songs on radio. The 1,178 entries cover every aspect of Motown and more – of the link between Granny in The Beverly Hillbillies and Wonder Woman, of the artists from Abbey Tavern Singers to Zulema, and the hits from ABC to You Really Got A Hold On Me. The Motown Encyclopedia is the story of Motown Records; Yesterday, Today, Forever.

Lists number one songs from "My Girl" by the Temptations to "It Never Rains (in Southern California)" by Tony! Toni! Tone! and includes background information on the songs and their writers and performers

(Book). The Lives in Music series meshes biography with discography. This debut title profiles the legendary King of Blues, B.B. King. An opening essay charts his life from childhood in the Mississippi Delta up to his first studio session. The author then takes an inside look at his distinguished career, album by album, offering a critical appraisal of each recording and a portrait of the making of each album. First-hand interviews with B.B. King, as well as producers, engineers, arrangers, and key musicians, bring these sessions to life and provide readers a context for understanding B.B. King's recordings in light of his career and life events that shaped them. This definitive book also includes a complete history of every B.B. King session.

licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

The King of Pop was without any doubt the world's biggest entertainer of all time. Michael Jackson's tragic death shocked the world for weeks. He was planning the biggest concert tour the world had ever seen. Michael tried to hide his addiction to painkillers for years. A doctor, who visited his trashed hotel suite in The Mirage in Las Vegas said: "It is Elvis all over again." The pop star died of an overdose on June 25, 2009 while preparing for his comeback tour. The author describes in detail how the mysterious death of Michael Jackson could be explained. The ultimate story about Michael Jackson's life, his work as a humanitarian, his awards, and finally his last days. Humanitarian, Memoir, Musician, Albums, Funeral, Legend, Music, Aid, Fanclub, King of Pop, Addiction, Celebrities, Videos, 20th Century, Biography, Thriller, Icon, Memoirs, Pop, Biographies, Trial, Propofol, Grammy, MTV, Beat It, Man in the Mirror, Show, Jackson 5, The Jacksons, Dangerous Tour, Conrad Murray, Sony, Epic, Motown.
