Our GCSE Information and Communication Technology specification provides a unique opportunity in the curriculum for learners to identify and solve real problems by designing information and communication systems in a wide range of contexts relating to their personal interests.

## GCSE Information and Communication Technology

The field of IT has quite a lot of information and in this digital age, it easy to find almost whatever on the internet. Majoring in information technology isn ' t enough, and quite an extensive area of research will face the scholar, and unless you decide to pursue a specific area in IT, your research paper will have no value at all.
