"A truly extraordinary saga . . . The characterizations are consistently superb, and [Hobb] animates everything with love for and knowledge of the sea."-Booklist As Bingtown slides toward disaster, clan matriarch Ronica Vestrit, branded a traitor, searches for a way to bring the city's inhabitants together against a momentous threat. Meanwhile, Althea Vestrit, unaware of what has befallen Bingtown and her family, continues her perilous quest to track down and recover her livelihood, the Vivacia, from the ruthless pirate Kennit. Bold though it is, Althea's scheme may be in vain. For her beloved Vivacia will face the most terrible confrontation of all as the secret of the livelihoods is revealed. It is a truth so shattering, it may destroy the Vivacia and all who love her, including Althea's nephew, whose life already hangs in the balance. Praise for Robin Hobb and the Liveship Traders Trilogy "Fantasy as it ought to be written . . . Robin Hobb's books are diamonds in a sea of zircons."-George R. R. Martin "A major work of high fantasy, reading like a cross between Tolkien and Patrick O'Brian . . . one of the finest fantasy sagas to bridge the millennium."-Publishers Weekly "Rich, complex . . . [Hobb's] plotting is complex but tightly controlled, and her descriptive powers match her excellent visual imagination. But her chief virtue is that she delineates character extremely well."-Interzone

A great editorial commentator of the twentieth century, Walter Lippmann, was a major contributor to the central periodicals and journals of the age, including the Atlantic Monthly, Foreign Affairs, Harper's, the New Republic, Saturday Review, and Yale Review. Men of Destiny, a set of biographical essays on leading figures of Lippmann's day, is arguably the best single source for understanding the persons and the policies of the post-World War I period. In a series of vignettes, the reader is introduced into the lively world of Al Smith, Calvin Coolidge, William Jennings Bryan, H.L. Mencken, Sinclair Lewis, Warren Harding, Andrew Mellon, and Oliver Wendell Holmes. The collection offers a rare glimpse of the first truly modern generation of American politics and society, and also a type of serious, detached writing that presumes a literate audience, but also one not given over to bias and hostility. The magic of this volume, however, is not in its litany of figures great and small, but Lippmann's comprehensive understanding of the place of America in world affairs. His essay on American imperialism remains a classic: "All the world thinks of the United States today as an empire, except the people of the United States." His advice to Americans is not to continue being evasive and grandiose with the rhetoric of equality, but to recognize the changing conditions and get on with the task of rule in as honorable a state as is possible by a holder of power. In his perceptive essays on the League of Nations, the efforts to outlaw war through international law, debt and reparations policies, Lippmann appeals to "time and a sense of reality" in examining all matters political. This volume, graced with a new introduction by Paul Roazen, will enable readers now well into the first decade of a new millennium to do just that.
