The Executive Coach Approach To Marketing: Use Your ...

What Executive Coaching Is . An executive coach is a qualified professional that works with individuals (usually executives, but often high-potential employees) to help them gain self-awareness, clarify goals, achieve their development objectives, unlock their potential, and act as a sounding board. They are not consultants or therapists (although many have consulting or therapist backgrounds) and usually refrain from giving advice or solving their clients' problems.

A Manager's Guide to Executive Coaching

Transformational leadership coaching takes a broader strategic approach, often dealing with more personal questions and leadership development. Transformational coaching focuses on advancing emotional, personal and leadership competencies. It can encompass the client's development as well as their team's development.
