Jim Morrison, lead singer of the Doors, has achieved a bizarre cult status since his death in 1971. Morrison was one of the most popular and controversial figures to emerge during the sixties; described as an 'erotic politician', poet, shaman, Dionysian drunk, his style and influence have grown steadily in the twenty years since his death, so that the real man has gradually disappeared behind the legend. Now, in The Lizard King: The Essential Jim Morrison, Morrison's biographer Jerry Hopkins, co-author of No One Here Gets Out Alive, reassesses Jim's life and provides fresh insights into him as a human being rather than the myth that he has become. But this reassessment is only part of this remarkable book. At its heart is a series of interviews with Jim Morrison by journalists including Hopkins himself, Ben Fong-Torres, John Tobler, Bob Chorush, Salli Stevenson, Richard Goldstein and the late John Carpenter, Morrison shows himself to have been articulate, intelligent and witty. Published uncut, these interviews provide a unique insight into a man who consciously created his own myth, then lived to regret it. Stripping bare the facts from the fantasies of Jim's death in Paris in 1971, and taking a long hard look at what has happened since to the people who he left behind, The Lizard King: The Essential Jim Morrison brings sharply into focus the broken dreams and unreachable ideals of one of the sixties' most enduring icons.

Imagine The Sopranos, with snakes! The Lizard King is a fascinating account of a father and son family business suspected of smuggling reptiles, and the federal agent who tried to take them down. When Bryan Christy began to investigate the world of reptile smuggling, he had no idea what he would be in for. In the course of his research, he was bitten between the eyes by a blood python, chased by a mother alligator, and sprayed by a bird-eating tarantula. But perhaps more dangerous was coming face to face with Michael J. Van Nostrand, owner of Strictly Reptiles, a thriving family business in Hollywood, Florida. Van Nostrand imports as many as 300,000 iguanas each year (over half the total of America's most popular imported reptile), as well as hundreds of thousands of snakes, lizards, frogs, spiders, and scorpions. Van Nostrand was suspected of being a reptile smuggler by Special Agent Chip Bepler of the U.S. Fish and Wildlife Service, who devoted years of his life in an obsessive quest to expose The Lizard King's cold-blooded crimes. How this cat-and-mouse game ended is engrossing and surprising.

Intense, erotic, and enigmatic, Jim Morrison's persona is as riveting now as the lead singer/composer "Lizard King" was during The Doors' peak in the late sixties. His fast life and mysterious death remain controversial more than twenty years later. The Lords and the New Creatures, Morrison's first published volume of poetry, is an uninhibited exploration of society's dark side -- drugs, sex, fame, and death -- captured in sensual, seething images. Here, Morrison gives a revealing glimpse at an era and at the man whose songs and savage performances have left their indelible impression on our culture.

Pocket Essentials is a dynamic series of books that are concise, lively, and easy to read. Packed with facts as well as expert opinions, each book has all the key information you need to know about such popular topics as film, television, cult fiction, history, and more. Bruce Springsteen grew from a disheveled, bearded singer of youthful street ballads to become the hottest name in the rock world. The resilience of the New Jersey troubadour has seen him top the album charts in four successive decades, and his epic world tours with the hard-working E Street Band are still sellouts well into the new millennium. This guide examines the growth of Bruce Springsteen's career, from the optimistic youth who wrote "Born to Run" to the respected heavyweight songwriter of today.

Basic Elements of Narrative outlines a way of thinking about what narrative is and how to identify its basic elements across various media, introducing key concepts developed by previous theorists and contributing original ideas to the growing body of scholarship on stories. Includes an overview of recent developments in narrative scholarship Provides an accessible introduction to key concepts in the field Views narrative as a cognitive structure, type of text, and resource for interpersonal communication Uses examples from literature, face to face interaction, graphic novels, and film to explore the core features of narrative Includes a glossary of key terms, full bibliography, and comprehensive index Appropriate for multiple audiences, including students, non-specialists, and experts in the field

Arguably, two of the most important national experiences with policies of positive discrimination in favor of historically disadvantaged ethnic or caste minority groups are the cases of 'Affirmative Action' in the United States and 'Reservation Policies' in India. This essential new book examines the consequences of affirmative action in both countries using a clear cost-benefit analysis. All those with an interest in affirmative action will appreciate the book's lucidity, use of evidence and policy implications.

Rene Descartes is generally accepted as the "father of modern philosophy", and his Meditations is perhaps the most famous philosophical text ever written. In this Routledge Philosophy GuideBook, Gary Hatfield guides the reader through the text of the Meditations, providing commentary and analysis throughout. He assesses Descartes' importance in the history of philosophy and his continuing relevance to contemporary thought. Descartes and the Meditations will be essential reading for all students of philosophy, and for anyone coming to Descartes for the first time.

"I could not have written A Cook's Tour without this book. There is so much I would have missed. So dig in. Enjoy... Eat. Eat adventurously. Miss nothing. It's all here in these pages." —From the Foreword by Anthony Bourdain Sit down for a meal with the locals on six continents—what they are eating may surprise you. Extreme Cuisine examines eating habits across the globe, showing once and for all that one man's road kill is another man's delicacy! 'I've tried to make this book a guide to how the other half dines and why. Over a period of twenty-five years I've augmented my meat-and-potatoes upbringing in the United States to try a wide variety of regional specialties, from steamed water beetles, fried grasshoppers and ants, to sparrow, bison and crocodile. I've eaten deep-fried bull's testicles in Mexico, live shrimp sushi in Hawaii, mice cooked over an open wood fire in Thailand, pig stomach soup in Singapore, minced water buffalo and yak butter tea in Nepal, stir-fried dog tongue, and "five penis wine" in China." —From the introduction by Jerry Hopkins Dive headfirst into food culture from around the world. Join author Jerry Hopkins on a culinary and cultural tour as he explores foods that may seem bizarre, and often off-putting, to us. As he says, "What is considered repulsive to someone in one part of the world, in another part of the world is simply considered lunch." Part travelogue, part cultural commentary and history, and part cookbook (yes, really), with Extreme Cuisine anyone can become an adventurous eater—or at least learn what it's like to be one. Chapters include: Mammals Reptiles & Water Creatures Birds Insects, Spiders & Scorpions Plants Leftovers
