The Twentieth Century and Beyond The last hundred and fifty years have brought significant changes in the size and composition of all four inns of court. The membership was widened to include law students from every corner of the empire, and (after 1919) women; the first woman barrister (Ivy Williams) was called to the Bar by the Inner Temple in 1922.

This major global history of the twentieth century is written by four prominent international historians for first-year undergraduate level and upward. Using their thematic and regional expertise, the authors cover events in Europe, Asia, the Middle East, Africa and the Americas from the last century and beyond. Among the areas this book covers are:

Indeed, in ways which can still surprise the 21st-century reader, Kuhn barely reached into the 20th century, never strayed beyond the physical sciences, and never reflexively acknowledged the Cold War context of the thriving military-industrial complex in which the Structure was written. By contrast, Agar opens up the 20th century in ways not even conceived by Kuhn, and treats us to a range of sciences that reveal how by the end of the last century, the physical sciences had been eclipsed in ...

*Science in the 20th Century and Beyond /
Wiley*

A compelling history of science from 1900 to the present day, this is the first book to survey modern developments in science during a century of unprecedented change, conflict and uncertainty. The scope is global. Science's claim to access universal truths about the natural world made it an irresistible resource for industrial empires, ideological programs, and environmental campaigners during ...
