A level 4 Oxford Bookworms Library graded reader. This version includes an audio book: listen to the story as you read. Retold for Learners of English by John Escott. 'Suddenly, there was a high voice screaming in the darkness: "Pieces of eight! Pieces of eight! Pieces of eight!" It was Long John Silver's parrot, Captain Flint! I turned to run. . . . But young Jim Hawkins does not escape from the pirates this time. Will he and his friends find the treasure before the pirates do? Will they escape from the island, and sail back to England with a ship full of gold?

Suddenly, there was a high voice screaming in the darkness: "Pieces of eight! Pieces of eight! Pieces of eight!" It was Long John Silver's parrot, Captain Flint! I turned to run. But young Jim Hawkins does not escape from the pirates this time. Will he and his friends find the treasure before the pirates do? Will they escape from the island and sail back to England with a ship full of gold?

While going through the possessions of a deceased guest who owed them money, the mistress of an inn and her son find a treasure map that leads them to a pirate's fortune. This edition is an adaptation in simpler language for those learning to read.

Gulliver has an itch to travel around the world, but whenever he steps on a ship, bad luck seems to find him. He is shipwrecked, abandoned, marooned, and mutinied against, and each time lands in a strange and curious place. First he discovers the kingdom of the six-inch-tall Lilliputians, then the country of the giant Brobdingnagians, then the island of the academic Laputans, which floats in the sky, and finally the noble realm of the horse-like Houyhnhnms. Who knew there were so many unusual creatures under the sun.

Word count 19,330 Bestseller

Finest heroic poem in Old English celebrates the exploits of Beowulf, a young nobleman of southern Sweden. Combines myth, Christian and pagan elements, and history into a powerful narrative. Genealogies.

**Suitable for younger learners Word count 18,055 Bestseller**

Nobody has ever detailed history's most ruthless rulers and tyrants with as much flair and passion as French writer Alexandre Dumas. This gripping exposition of the Borgias, the Italian clan that earned notoriety as one of the world's most power-hungry and corrupt families, is a pulse-pounding read that fans of the true crime genre will find hard to put down.

When the American Ambassador to Iraq announces her true identity and sparks the Arab Revolution and Reformation of Islam on a global scale, the world is turned upside down. "Safina" is the first book in a trilogy that spans three generations of thrilling intrigue and battles, and tells her story of courageous commitment to the struggle for freedom around the globe. From Safina's cruel beginning as an abused eleven year old child bride in the deserts of Iraq, to the highest society of European aristocracy and power, she joins forces with Lieutenant Colonel, Brecken Petersen, a United States Marine Special Forces combat-hardened veteran, and takes her position as the most powerful leader on the planet. She fights every inch of her way from Basra to Amsterdam, and to Paris, on to Washington DC and finally to Egypt. She establishes the UFAS, (United Federation of Arab States), and recruits member states around the world to join the UFN (United Free Nations). Safina and her fellow revolutionaries fight to liberate Islam from 1400 years of barbaric enslavement of half its population - women. The United States Government is in flux, on the verge of civil war. Europe is wounded, and pockets of serious counter insurgencies continue to be a source of concern. Safina recruits Claude Molyneau, a world banker and financier who attempts to restore the financial foundations of Europe, and the monetary solvency of the United States. Readers who relish intrigue and espionage will like this novel. Those who appreciate a sophisticated love story will be engaged with all of their emotional and erotic senses. Individuals who thrill to the perfectly choreographed hand-to-hand combat and the expert use of martial arts and sophisticated weaponry will be in their element. Science geeks will recognize state-of-the-art new technologies that will be deployed in the near future. Political junkies will relish in the behind-the-scenes machinations that propel the world to the brink of ruination. They will glimpse what is likely to occur when Iran achieves nuclear weapons and an effective delivery system to attack Israel.Safina survives multiple attempts on her life until the last page of this book when it seems that all may be lost except.....
