Willys MB Parts. The nearly identical Willys MB and Ford GPW reconnaissance cars were manufactured from 1941 to 1945. They made up 98% of all models built in WWII and they are the iconic World War II Jeep. Willys made its first 25,000 MB Jeeps with a welded flat iron "slat" radiator grille. It was Ford who first designed and implemented the familiar and distinctive stamped slotted steel grille, which was lighter and better suited to mass production.

These are new, serviceable parts that may be more than seventy years old but are still in the original packaging from Willys-Overland Motors and the US military. We always stock large numbers of NOS parts that we acquire from Jeep dealerships, surplus sales and other sources that have discontinued the Willys Jeep line of parts.
